

SHAW'S COVE

Follow Laguna Canyon Road till it ends at Pacific Coast Highway (1)

Turn Right onto PCH and proceed to Wave Street

Turn Left onto Wave Street and follow it to the end - Cliff Drive

Park anywhere around there - Beach Access to Shaw's Cove is to the right

Access is off of Fairview Street and Cliff Drive. There is a stairway off Cliff Drive leading down to the Cove. Sometimes it may be more convenient to drop your gear at the top of the stairs with your buddy and then go park.

The access is a short 58-step, 6-landing staircase leading down to a sandy stretch of beach 35 feet below. From the foot of the stairs, the reef is approximately 75 feet to the west. Divers usually enter and exit the water from the sandy beach. Watch for sand on the concrete because it can make the walk a little slippery - Use those Hand-Rails!

Stairway access is between private homes (Shown on Aerial View Below - See Yellow Arrow).

A-Fairview Street, B-Entry Stairs, C-Bottom of Entry at Shaw's Cove
